

have made at least two objections tonight with respect to motions to lay on the table and to have reconsideration. And I just want to remind the Chamber that we are here to do the job of the American people. We are here to vote.

Madam Speaker, earlier tonight, we had a voice vote of somewhere around \$16 billion of continuing resolution spending to push forward government spending to the night of March 15. And it is my considered judgment, and the judgment of many of my colleagues, that we should have the right to debate that and vote on it. And we had nobody in the Chamber here when we thought, and we were under the good faith belief, that we would actually have a vote on that tonight.

So the purpose of forcing some votes tonight was to call that question and to remind the Chamber that it is our job to vote. It is our job to be here and do the work of the American people.

Madam Speaker, we have not had an amendment on the floor of the House in open debate since May of 2016, to the best of my understanding. We need to restore this Chamber. We need to debate. We need to vote.

Madam Speaker, with that, I will withdraw my reservation of the right to object.

The SPEAKER pro tempore. The reservation is withdrawn.

I HAD TO VOTE "NO"

(Mr. GOHMERT asked and was given permission to address the House for 1 minute.)

Mr. GOHMERT. Madam Speaker, there is no way I could vote to exchange getting oil from Putin for getting oil from some other tyrant who wants to destroy America, which makes this a rather cynical ploy, so I had to vote "no" on Suspending Energy Imports from Russia Act.

It is time to make America energy independent again and stop the war on American seniors, Americans on fixed incomes, and those that have to keep maxing out their credit cards to buy gas just to get to work. I had to vote "no" on what is being referred to as the Russia bill.

We have heard enough of the Biden administration lectures that Americans should basically eat cake in their brand new expensive electric cars. People who can't afford a tank of gas

today can't afford \$30,000 to \$150,000 for a new electric car.

This bill allowed the President to waive the provisions we voted on, so I voted "no."
